Evolution

The Next Generation of Spill Containment
The Evolution Series spill container features a corrosion free stainless steel primary container and is customizable for varied customer preferences.

- Rust-proof stainless steel primary containment vessel eliminates failures due to punctures or abuse
- Screw-on style incorporates female stainless fittings to receive EVR riser seal for fill applications or male stainless fittings for vapor applications
- Never break concrete again - easily repair or replace primary unit from grade without breaking concrete
- Grade level spill containment, 5 gallon capacity
- Installs on 16” center/center tank bung spacing
- EZ-Gage to monitor interstitial space at a glance

Select your desired features:

- Composite lid/stainless rim or cast iron lid/rim - water-resistant with built-in handle, exclusive triple wiper seal and vent valve. Meets AASHTO H20 wheel loading
- Lid and rim available powder coated to API color specifications
- Powder coated or stainless steel fitting
- For fill applications: Available with stainless steel riser seal, fill cap and brass or nickel plated swivel adapter
  For vapor applications: Available with stainless steel nipple, vapor cap and brass or nickel plated swivel adapter
