LOW PROFILE CAPS

A0097-004LP
Low Profile Fill Cap

RECESSED TAMPER PROOF RIVETS

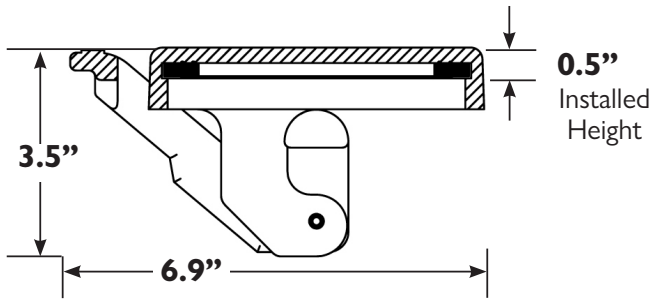

The robust, Stainless Steel rivets are installed into a counterbore in the handle eliminating an avenue for unauthorized access.

Low profile cap designed for use when there is limited space between the top of the adapter and the spill containment lid. The fill cap is powdercoated gray and the vapor cap is powdercoated orange for identification purposes. The caps fit all Emco and major competitor 4" cam and groove style adapters.

A0099-004LP
